

**THREE
OUT
OF
FOUR**

**AFRICAN-AMERICANS
KILLED IN AUTOMOBILE
CRASHES WERE NOT
BUCKLED UP.**

Each Year

1,300 African-Americans die and 26,000 are injured in automobile crashes.

Each Weekend

52 young adults die in motor vehicle crashes.

**TOO MANY BROTHERS AND SISTERS
CONTINUE TO DIE BECAUSE THEY
WEREN'T BUCKLED UP!**

**Give yourself a chance.
Know the deal.**

Automobile crashes are the second leading cause of death behind homicide for young African-American males and the leading cause of death for African-American children.

Don't fight the facts. Don't risk it. Crashes can happen at any time. So make sure you're always properly restrained in a correctly fastened seat belt.

Buckle up. It only takes two seconds, and it's your best protection in a crash.
